## Ambulance Firm Says Lack of Income May Force It to Close

### Morgan Firm Extends Closing Deadline Until February 28

Dan Lacy, manager of Morgan Ambulance Service, this week announced that the firm has decided to continue ambulance service in Morgan County through Feb. 28.

"After that date," he said, "we may have to go out of business unless we can sell enough low-cost ambulance service subscriptions to local families to make it worth our while to continue."

Lacy said his firm had previously notified county officials it would have to close Jan. 15 if it couldn't sell as many as 500 of the subscriptions.

"To date," he said, "we've sold less than fifty."

"However, we have extended the deadline until Feb. 28 and have contracted with local salesman James Tyra of Index to help us sell the subscriptions," Lacy said.

"If we are unable to sell enough subscriptions by Feb. 28 and the county government

is unable to provide us with some sort of financial aid, we'll just have to call it quits. We don't want to, but we won't be able to make it," he said.

"The only other conceivable way for us to remain in operation," he added, "would be to raise our regular ambulance rates considerably higher than they now are."

The family subscription plans are being sold by the ambulance firm for \$30 each. The subscriptions plan enables holders to obtain ambulance service for themselves and members of their families at reduced rates and provides free emergency ambulance service for each family member.

Lacy said that due to federal regulations governing the operation of ambulance businesses, two trained men must be on duty 24 hours a day. Lacy said the firm maintains three ambulances which must be covered by around \$2,000 worth of insurance.

"All of which means," he said, "that we must have a minimum income of \$30,000 annually just to make ends meet, and this wouldn't permit us

to replace our cars, one of which will soon be obsolete."

"And," he added, "we're just not making that much money."

"To make ends meet, some members of the firm currently are working without salary," he said.

Lacy said the firm has sold between \$1500 and \$2000 worth of the subscriptions, but is afraid to utilize the funds at this point "because if we are forced to go out of business we'd have to return the money to the purchasers."

In order to allow the firm to provide ambulance service in Morgan without resorting to aid from the county government, Lacy urges citizens to consider purchasing a family ambulance service subscription plan.

Under Kentucky law county governments are authorized to set aside general fund money to subsidize needed ambulance service. Kentucky statutes also provide for the imposition by fiscal courts of a county ambulance service tax, if the need arises.

The ambulance firm currently is averaging 38 ambulance calls per month.

## SALE OF \$425,000 HOSPITAL BONDS ADVERTISED HERE

Official notice of the forthcoming sale of Morgan County's \$425,000 voted bonds is published elsewhere in this issue of the Courier. Proceeds of the sale will be used as the county's local share of constructing and equipping an area hospital at West Liberty.

The bonds were authorized by a vote of the people at the November 1968 election. They will be 20-year bonds and are to earn no more than 6% interest and will be tax free.

Bids on the bonds will be received until 1 p.m. Feb. 1 by the County Clerk in West Liberty.

They will be issued in denominations of \$1,000 or \$5,000, as designated by the purchaser, and will mature on Jan. 1 from 1972 through 1991. However, bonds maturing after 1982 may be redeemed by the county after Jan. 1, 1981.

Contract for constructing the area hospital already has been let to Frederick & May Construction Co. of West Liberty on its bid of \$1,344,000, and groundbreaking took place late last month at the site on Wells Hill opposite the business section of West Liberty.

Remainder of the construction cost was obtained in grants from two federal agencies — \$596,667 from the Hill-Burton Fund, and \$464,000 from the Appalachian Regional Commission, and from local cash contributions.

## PROPERTY OWNERS

ALL PROPERTY OWNERS SHOULD REPORT TO THE OFFICE OF PROPERTY VALUATION ADMINISTRATOR (FORMERLY TAX COMMISSIONER) WHO HAVE:

1. Bought or sold property in 1970 or up to April 1971. This includes house trailers as well as other real estate. This should be done to avoid having property assessed to the wrong person.

2. All persons who have built houses during the last year or made other improvements during the past year.

3. Remember that January and February are the months this should be done in. Failure to do this could result in higher taxes if an omitted tax bill has to be made against anyone's property.

Bill Johnson, president; Drexel Price, vice president; Curtis Harvey, secretary-treasurer.

## GRASSY CREEK WOMAN ROBBED

A Grassy Creek woman who was found unconscious at her home about noon Wednesday told officers she was robbed by a robber or robbers who took around \$400 from a purse in her bedroom.

Mrs. B. O. Laws, who was alone in the house at the time, told officers that the robber or robbers, who apparently entered the house through the basement, approached her unseen and grabbed her from behind while she was talking on the telephone with a neighbor.

The person with whom she was talking, Mrs. J. C. Barker, reportedly heard Mrs. Laws scream and drop the phone.

Mrs. Barker called Mrs. Laws' sister-in-law, Mrs. Paul Gevedon, who went to investigate and found Mrs. Laws unconscious on the floor.

Mrs. Laws' husband, who was at work at the time, later told a reporter that between \$300 and \$400 was missing from his wife's purse.

Additional details were unavailable at press time.

The Morgan County Sheriff's Office is investigating.

Sworn in at the meeting were Curtis Blanton of Leno and Bert Holbrook of White Oak, who won board seats in the last November election.

In other action the board reorganized, naming James H. Finch of Stacy Fork as chairman and Alden Collins of Wrigley as vice chairman.

In his remarks to the board, Dr. Spencer, who did not run for reelection, expressed his appreciation and gratitude for having had the opportunity to serve on the board. In closing, he admonished the new board members to dedicate their services to helping all Morgan school children achieve the best possible education.

The board also changed the monthly meeting date from the first Tuesday to the first Wednesday of each month, and extends an invitation to all interested citizens to attend the meetings.

Superintendent Walton Jones and four members of the board, Bert Holbrook, Curtis Blanton, James H. Finch, and Alden Collins, attended a meeting of the Kentucky School Board Association in Louisville Sunday and Monday.

The meeting dealt mainly with orientation of new board members.

## BURLEY INCOME TO \$2,121,208.66

Morgan county's cash income from last year's burley tobacco crop went past the \$2 million mark last week and rose to \$2,121,208.66 early this week.

The Commercial Bank of West Liberty reported Wednesday that 3443 tobacco checks had cleared through the bank for a total of \$2,121,208.66. On the same date last year a total of 2,569 tobacco checks had cleared through the bank for a total of \$2,023,897.47.

This year's income thus is \$82,698.81 less than last year's on the same date. Tobacco checks, however, are continuing to be deposited, but at a slower rate, indicating that nearly all crops have been sold.

### 3 CONVERSIONS AT WELLS HILL REVIVAL

Rev. Arlie Nickell completed a two weeks revival at the Wells Hill Community Church on Monday night. Three conversions were reported during the revival.

Lana Scot Franklin

## WEST LIBERTY GIRL TO APPEAR ON MARCH OF DIMES TELERAMA SUNDAY

Lana Scot Franklin, 5-year-old daughter of Mr. and Mrs. Lanny Franklin of West Liberty, will appear on the annual March of Dimes TV Telerama this weekend on WLEX-TV, Lexington, Channel 18.

Lana, who suffers from a rare birth defect known as generalized lipodystrophy, is one of several patients of the University of Kentucky Hospital's Birth Defects Center who will appear on the two-day program.

A continuous, 17-hour-long educational and entertainment production, the Telerama is staged annually as a fund-raising event for the March of Dimes campaign.

The production features movie and TV personalities and volunteer local talent and workers. Television star James Drury will host this year's production.

Intermixed with the entertainment will be interviews with the children who attend the birth defects center and their parents. Lana, who was

selected as the child to represent the Eastern Kentucky area on the Telerama, will appear on the show with her parents around 11:30 a.m. Sunday.

Lana, a patient of Dr. Charleton Mabry of the UK center, is one of only four persons in the United States known to suffer from generalized lipodystrophy, a disease of the liver and pituitary gland.

Thanks to the March of Dimes, a specialist in the disease from Boston was flown to Lexington last year especially to examine Lana. Through the March of Dimes fight against birth defects, considerable research is being done on methods to cure the disease. As a result, one patient recently underwent surgery to correct the condition. Doctors say this surgery, to this point, has been successful.

Lani Scot, herself, a pert, brown-eyed blond, may undergo the same operation when techniques are perfected.

Members of the Morgan County Soil and Water Conservation District Board of Supervisors are, from left, new member Wendell E. Lewis, Carl Whitaker, Dillard Murphy, Ralph Perkins, and Charlie Cottle.

## WENDELL E. LEWIS NEW MEMBER OF SCS BOARD OF SUPERVISORS

The Morgan County Soil and Water Conservation District Board of Supervisors met Monday in the SCS office in the West Liberty Post Office Building.

The board was proud to welcome a new member, Wendell E. Lewis, to help carry out the conservation work in the county.

Mr. Lewis is a farmer in the Wrigley section and fills the position on the board vacated by Clayton Collins.

Ralph Perkins and H. A. Wallace attended a meeting in Paintsville Tuesday on strip mine reclamation. The district, the Department of Natural Resources, and the SCS are working together to try to control the sedimentation which occurs where strip mines are in operation in this section of the state.

## Elderly Widow Dies After Brutal Beating By 2 Thugs

### TWO ARRESTED AND CHARGED WITH MURDER

A 75-year-old widow, Mrs. Rissie Steele Day, a semi-invalid who lived alone on the Day Hill about a mile and a half east of West Liberty, died Monday of extensive head and back injuries after she was beaten by two thugs who entered her home Sunday afternoon in search of money.

Mrs. Day, widow of the late Ollie Day, was found bound, beaten, and near death in her blood-spattered home Sunday around 3:30 p.m. She had been severely beaten by two men who she said beat her with their fists and with her metal hand crutch in an attempt to make her reveal the location of money they thought she had hidden in the house.

### Money Taken

Missing from the house when authorities arrived was around \$6.00 taken from a dish in a bedroom cabinet.

Mrs. Day was discovered with wrists bound, on the screened-in porch after a hiker on nearby US-460 heard her calls for help. She was rushed to Good Samaritan Hospital, Lexington, in critical condition, suffering from shock, loss of blood, and numerous injuries including a broken jaw, a fractured nose, and severe lacerations and bruises of the head and face. She died at 3:30 p.m. Monday in the hospital's intensive care ward.

### Two Men Charged

An immediate investigation, directed by State Police Detective Alonzo Hensley of West Liberty, resulted in the arrest late Sunday of two men who have been charged with the crime. They are Earl Ray Perkins, 20, of Pump, and Wesley Hibbens, 19, who lives across the river a short distance from the Day home.

The pair, arrested at the home of Perkins' father near Pump were charged with armed robbery, assault and battery with intent to kill, and attempted rape. Following Mrs. Day's death Monday, they were charged with murder.

Perkins, a parolee from the State Reformatory at LaGrange, has been lodged in the Clark County Jail at Winchester without bond. Hibbens was placed in the Morgan County Jail at West Liberty, also without bond. No hearing date had been set when this paper went to press.

Aiding Detective Hensley in making the arrests were Morgan County Sheriff James Brooks and Deputy Sheriff Curt Stamper. Assisting with interrogation of the prisoners was Commonwealth Attorney Ralph N. Waller.

As pieced together by Detective Hensley, who questioned Mrs. Day briefly before she was removed to the hospital, here is what happened—

### Men Asked To Use Telephone

Shortly after Mrs. Day had finished her mid-day meal — authorities estimate the time at about 2:30 p.m. — two men, who apparently had walked or hitchhiked into the area, knocked on the door of Mrs. Day's screened-in porch. She said when she answered, they told her their car had broken down and asked to use her telephone.

Hensley did not know whether Mrs. Day admitted the men or whether they forced their way in. But immediately upon entering the porch, Mrs. Day said they began to beat her with their fists and to demand the whereabouts of her money.

Pools of blood on the floor, blood-spattered walls, and bloody furniture and rugs indicate the men battered Mrs. Day in the kitchen, then into an adjoining bedroom, and then back and forth from room to room in their search for the money. She was beaten repeatedly about the face and head alternately with fists and with her own metal hand crutch.

Mrs. Day, an arthritic, also told Hensley and relatives that the men attempted to rape her.

### Phone Torn From Wall

According to Detective Hensley, Mrs. Day estimated the men remained in the house for at least 30 minutes, and after ransacking the rooms in search of

money, they bound her in a chair in the kitchen and left with the six dollars in money they had found. Before leaving, however, the men ripped the telephone from the wall.

Mrs. Day, who was later able to provide officials with a description of the two men, apparently never lost consciousness despite the severe beating. After the men left, Mrs. Day finally made her way — with wrists still bound — to the screened-in porch and began to call for help. She was discovered about 3:30 by Lester Cassidy of Magoffin County, who heard her calls for help as he walked along the highway near her home.

When Cassidy went to investigate, Mrs. Day told him to summons the Gaylord Wallen family, neighbors who live across Licking River from the Day home, "to come and bring their car and take me to a doctor." Without stopping to untie Mrs. Day, Cassidy ran across the swinging bridge and to the Wallen home about a quarter of a mile away.

Mrs. Wallen recalls that Cassidy appeared "badly shaken" when he arrived. Cassidy told the Wallens that Mrs. Day had told him two men had beaten her and he said that she was in bad shape with "blood all over the place and spurring from her." According to Mrs. Wallen, Cassidy then said, "She's in a bad shape, I'd better go back and help her," and ran back to the Day home.

### Calls Victim's Niece

Mrs. Wallen said she at once attempted to call a doctor, then called Mrs. Day's niece, Mrs. Sandra Gullett, at West Liberty.

Mrs. Gullett and her husband, Dr. Charles Gullett, drove immediately to the Day home, arriving just as Cassidy was removing the rape which bound Mrs. Day's hands. Dr. Gullett described the house as a shambles when he arrived with "blood all over the place." Mrs. Day, he said, was in control of her faculties when he and his wife arrived.

He left his wife and Cassidy to care for Mrs. Day and returned to West Liberty, where he first notified Dr. M. L. Peyton, who went immediately to the scene. Dr. Gullett then notified West Liberty Police and called an ambulance before returning to the Day home.

West Liberty Police notified State Police Headquarters at Morehead, which dispatched Trooper Kenneth Burton to the scene. Trooper Burton then notified Detective Hensley, who commenced the investigation at her questioning Mrs. Day.

### "We couldn't Have Told Who She Was For The Blood"

The Wallens, who had driven their car around the two miles of road to the Day home, arrived shortly thereafter. Mrs. Wallen, who helped wash the blood from the injured woman, talked with her briefly. "We couldn't have told who she was for the blood," Mrs. Wallen said "except for her shoes which weren't bloody. Blood was still pouring from her. Her hair was dripping with blood—you couldn't tell what color it was."

Mrs. Wallen said the thugs had bound Mrs. Day with seagrass string and "where she was tied, there were deep ridges cut in her arms, deep enough to lay your fingers in." The beating by the thugs had broken Mrs. Day's false teeth, part of which were still in her mouth, and she was vomiting blood, Mrs. Wallen said.

### House Covered With Blood

Mrs. Wallen said there was blood in every room except the dining room, and the rugs in the bedroom had been pulled back, apparently in the thugs' search for money.

Mrs. Wallen surmised the men were aware that Mrs. Day had recently received her tobacco crop check and thought that she had cashed it and had the money hidden in the house.

Hensley said the two men were strangers to Mrs. Day, but that she was able to give a description of both before Dr. Peyton determined that her blood pressure was dangerously low and ordered her removed to the Lexington hospital.

It was later discovered that a man, wearing blood-spattered

clothing and fitting the description of one of the men described by Mrs. Day was seen leaving the area.

### Suspects Also Charged With White Oak Burglary

Following the arrests, the suspects were interrogated by Hensley and Commonwealth Attorney Ralph N. Waller. Perkins and Hibbens also have been charged with breaking and entering the home of Mrs. Jessie Reed at White Oak the previous evening (Saturday) and stealing four guns. Mrs. Reed and other members of her family were away from home at the time.

Also arrested by Sheriff James Brooks in connection with the robbery of the Reed home was Johnnie Perkins of Ditton Ridge on the Morgan-Magoffin line in the Rockhouse section. Perkins was lodged in jail here Monday charged with receiving stolen property.

County Judge Gene Allen said Perkins later accompanied officials on a search near the Perkins home which resulted in location of the stolen guns. Perkins has since been released from jail after posting bond.

The Hibbens family moved to Morgan County from Floyd County some years ago. The Perkins had recently moved from the Rockhouse section near the Morgan-Magoffin line to a site four miles north of West Liberty on KY-976 near Pump.

Mrs. Day had lived alone in the house since the death of her husband, Ollie C. Day, Dec. 10, 1968. The house, isolated from the view of neighboring residences, is situated about a hundred yards away from US-460 overlooking the river.

Mrs. Day's husband preceded her in death Dec. 10, 1968, and she had lived alone since that time.

Born Oct. 20, 1895, in Morgan County, Mrs. Day was a daughter of the late Floyd and Kistie Murphy Steele, and was a member of the Christian Church.

Volume of burley tobacco sales dropped sharply this week as the selling season neared its end, and prices also dropped sharply as more low-grade burley was offered.

Gross sale on the eight-state burley belt averaged \$70.20 Tuesday, a sharp drop from the season average of \$72.20.

Only minor changes occurred in grade prices this week, but offerings included increasing proportions of "no-grade" tobacco, which lowered the overall quality of marketings and accounted for the price drop. Burley going to the co-op at government support prices jumped to 22.1 percent Monday, reflecting the lowered quality of offerings. However, season's deliveries to the co-op at support prices has averaged only 8 percent for the selling season, much lower than last year.

Only 15 markets continued to operate Tuesday. Mt. Sterling markets closed Tuesday, also Huntington, W. Va.

### Wrigley Wildcats Down Morgan Co. Jr. High, 63-54

The Wrigley Junior High Wildcats downed the Little Devils of Morgan County Junior High, 63-54, in a cage thriller at Wrigley last Thursday evening.

Leading Wrigley's scoring attack were Rocky Howard with 26 points and Steve O'Connor with 20. Gary Ferguson scored 10 points. Kevin Ratliff and Ralph Ratliff and Timmy Adkins got 2 each.

High scorers for the little Devils were Kim Lykins with 22 points and Hank Allen with 14.

### LETTER TO CITIZENS FROM REV. WARDIE CRAFT

As the New Year begins to dawn we usually take new courage and faith. If we have been working toward a goal during the old year and did not reach the peak we had so much desired to reach, we should take an inventory of our modes of approach and gather the things that will build a greater determination and lead to success during the year of 1971.

Time is slipping away so fast! Life is so short, and there is so much to be done. I must hurry for the day is far spent! Over forty years ago we found the grave of Daniel Williams in the Caney Cemetery that was hidden from the public's eyes by bushes, grape vines and briars. Our Caney Valley school children took an interest in this grave and cleared the cemetery of the vegetation. Now his grave, with the painted native stones, can be seen by the public as they pass along the highways leading through Caney.

Six months ago I started a fund for the purpose of erecting a \$10,000.00 monument to the memory of this great preacher, pioneer, and citizen of Morgan County. He was not an ordinary man, but was a friend to Daniel Boone, a soldier, and the man that founded our beloved Morgan County, the place that we cherish and love so much. At the present time I have \$738.00 which has been contributed for this memorial a small amount of this

money has been contributed by our Morgan County people, and most of the money has come from friends and relatives of other counties and states.

Hazel and I want to leave our home with its furnishings, which includes many antiques of interest, to our county and state for a park and memorial of interest to our youth that so richly deserve to know something about the "Old Days." We are giving all we have made during life to our beloved Morgan County. We need your help to build this memorial and the planned Pioneer Village! What will you give? All contributors and the amounts will be preserved in the Park Ledger. Any names, churches, civic groups, etc. who contribute \$100.00 or more will be engraved on a bronze plaque placed on the memorial. Nothing could make me more happy than to read the names of every man, woman and child in Morgan County in the ledger or on the memorial. Let us be united in spirit and work together for a better Morgan County.

A recent contributor to the memorial fund are: Lula Bailey, Vanceleva, \$1.00. The Total is \$738.00. —Wardie Craft

## LETTER TO THE EDITOR

Dear Morgan County friends and relatives!  
Thanks for the holiday greetings: we received from quite a few of you and for the appreciation for the Christmas jam cake recipe I hope all of you who used it liked it as much as we do. To those of you who like Dessie Templeton of Lebanon, Ohio, couldn't get dried apples, here's a tip to put away with your recipe for next year. When I can't get dried apples, I cook fresh ap- ples and prunes to use as a substitute for them.

Also Mrs. Ova McGuire of Grassy Creek, Ky., wrote to acquire as to how long to bake. Sorry I failed to give the time for baking. Bake at 350 for about an hour or until tooth pick bacy comes out clean do not bake too long.

I failed to mention in my previous letter that Orpha Hamilton, my sister at Cottle, is also famous for the delicious cream pie. Perhaps she would favor us with the recipe and also the recipe for her deli- cious Taz cake.

Some of you were disappoint- ed because I didn't write about our plane flight to Atlanta, Ga., for a weekend vacation November 22.

I did, but I'm sure it was too lengthy and space was too crowded for the nice editor to print.

So perhaps if I make it more brief and there is enough space available he will print it this time.

We enjoyed the flight and sight seeing in this beautiful southern city immensely.

On our tour of one of the best residential sections of the city, we saw some of the finest architecturally designed homes of the south, including the one that played an important part in "Gone With The Wind," many costing \$2 millions and more.

The 5 million round Ball stadium is beautiful. So are the white marble construct- ed homes.

We saw the home of "The Coca-Cola Co.

We passed over but didn't have time to see "The Under- ground City," which our guide advised us if we ever came back to Atlanta, to be sure to see.

We stayed at the lovely "Homes Motor Lodge Motel." Before returning home on Sunday with 51 other Louis- vilians via The Alleghany Air Lines, a guide took us on a tour of the "Treasure Lake" resort area being developed at Carrollton, Ga., about 45 min- utes drive from Atlanta.

Anyone who has a chance to make this trip be sure to do so. You will be proud you did.

Happy New Year to the staff and readers of The Licking Valley Courier, our home coun- ty paper.

We had a nice Christmas with 17 members of our fam- ily present.

## TOBACCO LEADERS ORGANIZE BEHIND POUNDAGE CONTROL

BY JAMES R. RUSSELL  
Courier-Journal Farm Editor  
LEXINGTON, Ky. — In an effort to steer the ship of bur- ley tobacco off the rocks, an organization dedicated to its preservation was formed here Jan. 15.

The new group, the Council for Burley Tobacco, was formed to bring the several burley organizations together to "find solutions to the critical prob- lems facing Kentucky's main farm cash crop."

The council is the product of an informal committee formed a year ago of repre- sentatives of burley interests and farm groups across the state.

William Balden, Danville, chairman of the group and vice president of the Kentucky Farm Bureau, said the coun- cil's main job is to "save the price support program for burley through an effective production control system."

The committee, which now has become the formal council, worked the past year in formu- lating the poundage control program which was introduced as a bill in the Senate last De- cember by John Sherman Cooper.

**QUOTA SETTING DELAYED**  
The bill will be reintroduced soon after Congress reconvenes this month. If passed, it would replace the present acreage control program.

The secretary of agriculture has delayed setting a produc- tion quota for the 1971 crop for 30 days or until just before March 1.

Then a voter referendum must be conducted, where at least two-thirds of the growers in the eight-state Burley Belt must approve the proposed control program if it is to take effect.

If the proposed bill does not pass Congress, then farmer's will vote on the option to con-

tinue the present acreage pro- gram or do without a price support program.

Balden said that the present acreage program is not controlling production because of increased yields per acre and the large percentage of growers whose allotments are not cut under the present system.

**40 PER CENT CUT FEARED**  
Some feel that to continue the present program, allotment cuts up to 40 per cent may be imposed this year. Balden feels that many of the larger farm- ers would vote for no pro- gram instead of accepting these cuts. With no program, burley probably would be grown in larger units and raised under contract with tobacco com- panies to their specifications.

This situation would drive the small farmer out of busi- ness, for he could not compete under these conditions, Balden said.

Balden stressed that the poundage proposal was design- ed to benefit the large and small farmers alike, for it would guarantee everybody a share of the market.

Reynolds Bell, Paris presi- dent of the Burley Auction Warehouse Association, is vice president of the council, Jack Lewyn, Lexington, vice presi- dent for public affairs of the Burley Tobacco Growers Co- operative Association, is secre- tary.

The council represents the Burley Tobacco Growers Co- operative Association, the Ken- tucky Farm Bureau Federa- tion, the Burley Auction Ware- housemen Association, the National Farmers Organiza- tions, the Burley Leaf Tobacco Dealers Association, the Bur- ley Farmers Advisory Council, the University of Kentucky, and the Kentucky Department of Agriculture.

## YOUR SOCIAL SECURITY—

### SIGN UP FOR MEDICARE MEDICAL INSURANCE IF YOU ARE AGE 65

People who are 65 and have- n't already signed up for Medi- care medical insurance may en- roll now through March 31 at any social security office, ac- cording to Thomas B. Thomp- son, social security district manager in Ashland.

Medicare medical insurance helps pay doctor bills. A per- son may first enroll in the program within the 3 months before or the 3 months after the month he reaches 65. He may also sign up in the general enrollment period — January, February, and March—within 3 years following the end of his first sign-up period.

"Almost anyone 65 or over in the United States is eligible for Medicare medical insur- ance," Thompson said. "More than 9 out of 10 in that age group are enrolled."

Medical insurance is funded by individual voluntary monthly premiums that are matched by the Federal Government.

If a person enrolls after his first or 65th birthday, sign-up period, he pays a premium that is 10 percent higher for each full year that elapses after that first sign-up period, Thompson said.

"If you enroll and then cancel your Medicare medical in- surance, you're eligible to re- enroll only once," he said. "You may sign up again during a general enrollment period — January, February or March of

each year that begins within 3 years after your protection stopped."

Medicare medical insurance supplements Medicare hospital insurance, which is funded by regular social security contribu- tions and helps pay hospital bills for eligible people 65 or over.

Medicare is administered by the Social Security Administra- tion, but you don't have to visit the office in person to sign up. Do it over the phone by calling the Ashland office at 325-7666.

It is not the burden but the overburden that kills the beast. Read your home town paper—it's like a letter from home!

## BETTER KY. 31 FESCUE IS READY AFTER 20 YEARS EXPERIMENTING

Described as the grass which has "held Kentucky together," Fescue 31 is in good prospect of becoming even better in color and drought resistance and for livestock pastures.

Initially discovered long ago on a steep Menifee County hillside, Fescue 31 will grow almost anywhere, crowding out weeds, inhibiting erosion and preventing gully formation.

But it has its drawbacks, becoming less than palatable and nutritious for livestock in the hot summertime. And, if mowed at tobacco-setting time, it grows too coarse for good hay.

Now, however, after 23 years of experimentation by Dr. Robert C. Buckner of the University of Kentucky Department of Agronomy and by the Agriculture Research Service of the U. S. Agriculture Department, a new and better

grass is in prospect—a cross between Fescue 31 and annual ryegrass.

Preliminary tests have shown that this grass, not even named yet, attains greater growth in summer and fall when other grasses are dormant, is more palatable and digestible to livestock and maintains a greener color while providing about the same yields as Fescue 31.

The target date for release of the new grass to farmers is about 1974.

## OBSERVATIONS AND PREDICTIONS

### COMBS BACKER HEADS PARTY

The Democrat State Central Executive Committee at a meeting on Louisville Monday elected former State Senator Shelby Kinkead of Lexington as State party chairman to succeed J. R. Miller of Owensboro who had resigned some months ago to act as state campaign manager for his fellow townsman, Lt. Gov. Wendell Ford. Kinkead is seen as a supporter of former Gov. Bert Combs, and Miller and other Ford leaders objected to the election. However, Kinkead, in a statement after his election, said he extends to remain neutral in the forthcoming gubernatorial primary. The Miller forces sought to delay the meeting three weeks until a nominee acceptable to both candidates could be agreed upon. Meanwhile, the United Auto Workers Union, of Kentucky voted the same day to support Lt. Gov. Ford for the Democratic nomination, the first endorsement the union has made in a primary, though it always makes endorsement in the final election.

## OBITUARY

GEVEDON

John Anderson Gevedon, son of the late Steve Gevedon and Julia Hughes Gevedon, was born November 22nd, 1888 at Stacy Fork, Kentucky. The call came for him to peacefully sleep at his residence at Malone, Kentucky, on December 29th, 1970, at 7:50 in the afternoon of Tuesday. His death was due to arteriosclerosis, in other words, hardening of the walls of his arteries. His end came at the age of 82 years, 1 month and 7 days. He remained conscious and ate breakfast on the morning of his passing.

Uncle Anderson, as he was familiarly called, suffered four long years of illness. During this time, he was taken to the West Liberty Hospital, where he seemed to improve in health. He was taken home and was cared for by his faithful and devoted wife, but in the last four months of his life, he was an invalid, solely dependent on his wife's care for his welfare.

Mr. Gevedon, a retired farmer, had spent most of his life in the Centerville neighborhood, living with his father and sister, Rosa, until his father's death, then lived with a neighbor in the Centerville vicinity.

It was then, he married Miss Caroline Peyton, daughter of the Rev. and Carrie Stacy Peyton. His wife was a Christian lady, who bore him three sons: Lonnie, Olney C. and Chalmers. Chalmers and Lonnie are deceased; so is his sister, Mrs. Rosa Lykins.

After his good wife was called home in a few years he married Mrs. Leona Lewis Wells, a Christian and an industrious person, who nursed him daily with care and kindness during his long illness.

He was converted during a revival held by Rev. Ora Pennington, and was baptized at the close of the services, at the age of twenty. Soon afterward, he joined the Enterprise Baptist Church at Centerville, and there he always remained a member. He served as janitor for the Centerville church for 30 years.

Uncle Anderson, when things went wrong or disturbing to other folk, his cheery and outspoken words would often banish their grievances. His amiable disposition secured him friends from different classes of people. His sturdy body secured him strength for manly farming and toil, for to gain a livelihood by the sweat of his brow, until his illness enfeebled him.

A vacant seat now marks the home and church where once sat a firm believer in a Spiritual Regeneration and baptism of man, to rise anew and to live a righteous life. He will be sadly missed by his surviving wife, son and grandchildren, friends relatives and neighbors. But weep not, for according to his life on earth, he is enjoying the Glories of Heaven

no earthly mind is able to see or understand.

The Death angel bore, and he answered its summons. On the hour it came. Yes, the living, Great or Small souls will answer. Its call just the same. Its stroke yields his death, and too escapes. From the eyes of man. And his spirit wafts beyond the blue dome. We cannot now scan.

Funeral was conducted at the Herald and Stewart Funeral Home, Friday morning with Rev. Arlie Nickell and Rev. Edgar Gibbs officiating. Singing by Rev. Arlie Nickell and Mrs. Olivett Gevedon. Obituary by Mrs. Elsie Lacy. Prayer offered by Ernest Allen after consoling words spoken by Rev. Nickell and Rev. Gibbs. Arrangements were prepared by Herald and Stewart Funeral Home and interment in the Gevedon Cemetery.

## CARD OF THANKS

We, the family of Mrs. Carrie Alice Pack, wish to express our sincere thanks and appreciation for the many acts of kindness and expressions of sympathy extended to us by our friends, neighbors, and relatives during the recent illness and death of our dear mother. Especially do we thank Dr. Alec Spencer for his visits to our home. The doctors and nurses at St. Claire Medical Center for their loving care, the ones who brought food and for the beautiful floral offerings, to those who helped with the grave, the many who visited us and those who offered prayer in our behalf, also the ministers, Elders Raymond and Wick Kennard, Addie Ferguson and Clarence Hopkins for their consoling words of comfort to our grieving hearts, and Potter Funeral Home for their kind and efficient service. Your kindness and sympathy will always be remembered. May God bless you all.

—Mr. and Mrs. Russell Kennard.

Artington was known as the Confederate "Gibraltar of the West" during the Civil War. Trenches used during the war may still be seen along with a huge anchor chain used to block the Mississippi to Union forces.

If you are planning a long trip be sure to get the proper rest before starting out, suggests Liberty Mutual Insurance Companies. Too little rest could cause you to become drowsy behind the wheel. Eternal rest could be the result.

## Stacy Circle Awards Membership Pin To Mrs. Amyx At Meet

A life membership pin of the Women's Society of Christian Service was presented to Mrs. Jerald Amyx by Mrs. Drexel Vest at the January 8 meeting of the Margaret Stacy Circle, which was held in the Methodist Church Wesley Room.

The program for the evening, "The Middle Years: A Time For New Risks," brought forth an interesting discussion by the group, with each lady identifying herself with "typical" images described by Mrs. Estelle Brown, Mrs. Ruby Miller, Mrs. Anita Myner, Mrs. Frances Peyton, and Mrs. Anna Jean Allen. Group leader for the program was Mrs. Leatha Sheets.

During the business meeting conducted by Mrs. Drexel Vest, president, it was suggested by both groups that the Methodist Men's Club and the Circle work together on several endeavors and to put special effort together on one specific project for the church.

The ladies of the church were asked to listen for the announcement of a special prayer service to be held sometime this month.

Mrs. Gladys Gullett, hostess, served a fruit salad, orange marmalade tarts, tea, and coffee to Dorothy Perry, Mabel Amyx, Florence Murray, Irene Vest, Ruby Miller, Estelle Brown, Anita Myner, Leatha Sheets, Frances Peyton, and Anna Jean Allen.

## CATTLE RUSTLERS HIT BLUEGRASS

(Lexington Leader)

CENTRAL KENTUCKY FARMERS have reported a sizeable increase in the number of cattle thefts in recent weeks.

Although the cattle raids do not appear to be the work of any single organization, organizations such as those which recently have been breaking into homes in Fayette County, the amount of money they are costing local farmers is tremendous.

On one Central Kentucky farm, not far from Lexington, cattle rustlers cut out 22 head of the best cattle in the herd, showing that some of the money day cow thieves know what they are looking for.

Some cattle have been stolen directly out of the local stockyards and in other cases, the cattle thieves also have stolen a farm truck to transport the stolen stock.

Persons living near farms with livestock should be extra alert to warn the owner and the police of any suspicious people who may appear on the farm.

Public awareness will help combat this problem which is becoming serious on many farms in Central Kentucky.

## UPPER CROCKETT

By Hattie Ferguson

Jan. 16 — Looks like winter may be about half over now. Already the daylight lingers a little longer each day. But the 14th was like spring with the temperature up in the sixties. After a big rain the mud had settled. So I took time out from my sewing and knitting and walked to the mailbox. I took a short-cut through Bascom's woods. The pines, the moss and the winter ferns looked so fresh and green and every little hollow and hill was bubbling with fresh clear water. Sometimes I think we fail to count the blessings around us that are ours to enjoy. As I passed by Quincy Hutchinson's I saw Kathy outside washing windows. Jean came to the door to speak a few words and invite me in to chat a while but I didn't have time. She was barefooted. I told her I knew it looked like spring but I didn't know anyone was going barefoot yet. She laughed and said she was just changing shoes. She had been to town.

I visited with Bascom and Fiona Hutchinson one day this week. Their health is better this winter.

My husband and I visited with Mr. and Mrs. Freddie Ison and Mr. and Mrs. Arnold Ison at Moon recently. My husband got a haircut at Ison's new barber shop. We saw the big drilling machine at Freddie's place. But the workers won't tell much about it.

I don't know much news at this time. So maybe it would be a good time to fulfill a request made by some of my neighbors about the plight of the old community church house. It needs new siding. It doesn't seem right to see an old landmark stand there with the siding

falling off that our forefathers took pride in building for the younger generations to enjoy. That old church house holds many fond memories of bygone days. And still remains through many adverse conditions. In 1927, a flood turned it around and left mud on the floor. Neighbors built a good foundation under it and cleaned it up. At a later date a new floor and new benches and a lot more new things were added. We are trying to get enough together to purchase some kind of siding that will last indefinitely. Maybe aluminum siding. Currently, we have as follows: From our tupperware sales \$40; candy \$122; Donations \$59.86, which amounts to 221.86.

For you neighbors who have moved away and have not come back for a couple of years, there have been some changes in the road. We now have a high-water bridge above the church house and the road goes behind the house instead of the way it was. They cut down the old sycamore tree on the creek bank where the baptizing was done and where children loved to fish. But there is still a hole of water there. We might some day find a way to combat pollution that has overtaken the old sulphur spring below the church house where we once could get a fresh cold drink of water.

Anybody desiring to help with the church house siding fund may send contributions to Mrs. Quincy Hutchinson or Mrs. Johnny Green Rt. 3 West Liberty or Crockett either. Mrs. Green is the former Miss Sylvia Jean Hutchinson.

## HOLIDAY

BY HARRISON HOLLIDAY

Jan. 18 — I received a letter from the wife of Rev. Pierce Steele of Ohio and she told me that Pierce was in the hospital and that their house burned and that they were in need of financial needs and she would be glad to get donations from her relatives and friends in Ohio and Kentucky. You can send them to Rev. and Mrs. Pierce Steele, Route 1, Box 280, Pleasant Plain, Ohio. They desire the prayers of all church people everywhere.

I noticed in The Licking Valley Courier where Mrs. Roy Day passed away on Jan. 16 with a stroke. They sent us a Christmas card and a letter in 1970 and said they were both living for Jesus. Sorry to hear of her passing. We want to extend to all her relatives and loved ones our deepest sympathy. I hope our loss is Heaven's gain.

Warren Singleton, who works in Ind., came in to see his sister, Myrtle Holliday, and went on to Salsberyville to see his other sister, Mrs. Hazel Bandy. The forecast of weather predicted snow so he only stayed one night.

Four workers from the Mountain Rural Telephone office were in this section cutting off the right of way where the phone cable and wires are. Our phone service has been much better for the past several weeks.

Mr. and Mrs. Harrison Holliday of this place made a business trip to West Liberty on Friday of last week. While there I made a call to the Courier office and had a chat with the staff who were very friendly.

Our daughter, Mrs. Lena Hasty of Cincinnati, gave us a call and she told us she had been very sick but was some better. The doctors told her that they could not find what keeps her so nervous all the time. We hope her a speedy recovery.

The interest in oil wells is not what it ought to be. There is a oil rig near Caney where I am sure is oil or gas but they need a rig near Holliday where there are acres of land that have never been explored for oil or gas and the indications are very promising. I hope the time is near when we will have wells drilled as there were in this section many years ago.

Your reporter had the following visitors Sunday: Mr. and Mrs. Douglas Boyd, Mr. and Mrs. Charley Holliday, Larry Burton, Douglas Holliday, Arnold Holliday, and Darrel Holliday.

GRANT ENABLES HAZEL GREEN  
ACADEMY TO PURCHASE SCHL. BUS

A grant from the E. O. Robinson Mountain Fund has been made to Hazel Green Academy for the purpose of purchasing a 66-passenger new school bus. The Ford bus, equipped with a Carpenter body, should be delivered near the end of January.

A dependable bus to transport students to off-campus activities has long been a major need of the school. The bus will be used by groups such as the ball team, Rep Club, band, and chorus for off-campus competition and performances. It will enable the general student body to attend concert and lecture series at nearby colleges, and participate in many other school related activities.

The E. O. Robinson Mountain Fund has long been supportive of outstanding educational programs throughout the mountains of Eastern Kentucky. By providing a bus for the Academy, it continues to demonstrate its vital concern for Appalachian youth.

Mr. Fred Bryant of Lexington is Chairman of the Fund, and Dr. Lyman GINGER of the University of Kentucky College of Education is chairman of the educational committee of the Fund which recommended purchase of the bus. It was purchased after consultation with and help of Mr. Louis Yandell, Director of the Division of Pupils Transportation in the Kentucky Department of Education. The bus meets all specifications prescribed by the Department.
